CANT WE KNOW THAT GOD EXISTS?

A Seminar that Examines the Evidence for God in the Created Order

In the last 50 years, American culture has been inundated with unbelief and liberal thinking—in religion, politics, and education. The cataclysmic secularization of American society has produced an explosion of unbelief and skepticism.

Many Christians—especially young people—have been impacted. The convictions of many Christians have been softened, eroded, undermined—and even overthrown (2 Timothy 2:18). Jesus warned: “And because lawlessness will abound, the love of many will grow cold” (Matthew 24:12).

But Jesus declared: “You shall know the truth!” Christians have the truth! The evidence is available to prove decisively that God exists, the Bible is the Word of God, and we must become New Testament Christians to be saved eternally in heaven!
