# The Silencing of God Seminar

The United States of America is undergoing swift transition as the liberal forces of “political correctness” and an unrestrained judiciary wage a vociferous culture war. Their objective: to expunge every manifestation of God, Christ, and the Bible from American life.

But America’s intimate connection to Christianity from the very beginning was embedded deeply in our public way of life. Though the adversaries of God have been steadily chipping away at our foundations for 50 years, many indications of our nation’s Christian heritage remain.

“The Silencing of God” seminar is designed to awaken Christians to the urgent need to recall our nation from the moral and spiritual depths to which she has plunged. It issues a stirring call to reaffirm the biblical values that are being systematically stripped from our public life.

The seminar addresses such questions as:

- Did the Founding Fathers advocate “separation of church and state?”
- Did the Founding Fathers oppose public expressions of religion?
- Did the Founding Fathers embrace “pluralism” and “multi-culturalism”?
- Did the Founding Fathers advocate acceptance of all religions?
- Was America originally intended to be a “*Christian* nation”?
- What were the Founders’ views on moral issues—like homosexuality?
- What can Christians do to reclaim our nation from the social liberals?
- What can Christians do to save our nation from moral and spiritual destruction?

By means of shrewd lies, unremittingly repeated, it is possible to make people believe that heaven is hell—and hell heaven. The greater the lie, the more readily it will be believed.
